

Women's Safaris:

This ultra-deluxe journey has been specifically designed for you and your close women friends who want to reconnect and rejuvenate as only your collective presence seems able to do. It is all about exclusivity, privacy and pampering. We hope to speak to your soul, fire your imagination, and rejuvenate your tired bodies and minds. And, oh yes, we want you to be out in the middle of nowhere – just you and your friends – far away from your hectic daily schedules so that you can be alone together to talk about everything and nothing and yet each have private time and space.

The following sample itinerary focuses on a fun mix of adventure, pampering, good food and drink, healthy exercise, great game viewing, and excellent guiding. We will arrange for a prominent private guide in Kenya to accompany you throughout your trip to ensure that you have the best opportunity to see the most game and to learn about the multitude of wonders that Kenya has to offer. A group of 4 – 6 women will have exclusive use of most of these properties with your own cook, car and driver. As always, this is just an example of what can be done. We will custom tailor an itinerary to suit **your** particular needs and interests.

Day 2-4: Meet your personal guide who will escort you to the magical world of the secluded [Hippo Point Private Estate and Wildlife Sanctuary](http://www.onewithafrica.com/mapsCamps/kenyaCamps/hippoPoint.html) at Lake Naivasha. Enjoy game drives on the estate and in the nearby private Oserian Wildlife Sanctuary. Your guide will show you the volcanic wonders of Hell's Gate National Park and thousands of flamingo in Nakuru National Park. You may opt for a boat ride to Crescent Island where the opening scenes of Out of Africa were filmed. If horse back riding is one of your passions, we can arrange to have a few horses stabled on the estate during your stay. Of course, we can arrange for a spa therapist, yoga or Thai Chi instructor to visit as often as you like or stay full time on the property with you.
